## **Preschoolers sure know how to have fun!...**

Run, run as fast as you can!! Preschoolers in Susan Eden's Integrated Preschool classroom are reading and enjoying the Gingerbread Book Series all the while creating their very own gingerbread house.

The gingerbread house is a wonderful addition to the imaginative play center. Inside the gingerbread house the children read with a friend, pretend to cook up some gingerbread and pretend to be gingerbread children themselves! Preschoolers sure know how to have fun!
